Teradata Certification April 2021 Newsletter

We hope everyone had a great start to 2021 and thank you for your continuous support of the Teradata Certification program! We have some exciting updates for you!

TERADATA VANTAGE MASTER SPOTLIGHT

Meet one of our Vantage Masters, Nikita Mospan, based in Moscow, who earned his Master status in June 2020.

Nikita graciously provided us with a testimonial on his certification journey:

"Teradata Certification is very valuable because it helps me apply the knowledge I have gained to my current project. I have a good understanding of different parts of Teradata now and this will help me and my colleagues to use best practices and make good decisions."

CONGRATULATIONS Nikita on this amazing and well-deserved accomplishment!

NEW VANTAGE DATA ENGINEERING BETA EXAM IS NOW AVAILABLE

We invite you to be a part of the future by taking the **Vantage Data Engineering Beta Exam**!

Vantage Data Engineering exam information, exam objectives, Beta Exam FAQs, and additional information are available on the Teradata Certification website and the cost is only $75.

Email Teradata Certification to request your voucher today and then r**egister online with** Pearson VUE. Seats are limited and this reduced price beta exam will only be available through May 26, 2021.

All Teradata certification exams can be taken either via online proctoring (at your home or office) or at test centers that are open and this beta exam can only be taken ONCE.

Due to the length of the exam, the exam will be delivered in two separate parts, separated by a 15-minute break.

Looking forward to your participation!
